

NEW: STRATUS SLIM AUTOLOCK IN STAINLESS STEEL

THE STRONG AND DURABLE ALLROUNDER FOR YOUR ADVENTURE

The stainless steel version of the [STRATUS SLIM Slide Autolock](#) carabiner is the ideal companion if you are looking for extra durable paragliding equipment.

This strong air sports carabiner made of stainless steel is

- designed for **25 mm paragliding harnesses***,
- and due to its **enormously high breaking load of 28 kN** a reliable partner on **solo and tandem flights****.

PLAY IT SAFE. NO GATE PLAY.

Thanks to the special Slide Autolock gate, the STRATUS SLIM combines maximum safety with effortless usability. The gate's design minimizes gate play when closed, reducing the negative effects of constant vibration stress on the carabiner. The Slide Autolock system allows for reliable locking without lock manipulation and can be easily opened by simply pressing the slider.

The benefits of STRATUS SLIM stainless-steel version at a glance

Tecnicalities:

*Due to its shape, the STRATUS SLIM is designed exclusively for use with 25 mm webbing.

**The "mono+bi" marking on the carabiner indicates that it is approved for solo and tandem flights.

Must not be used for Paramotors. The maximum service life is reached after 1500 flight hours or 5 years. No CE certification.
