

Discover the variety of the COBRA® at the IWA!

The variety of the COBRA® is absolutely unique: Different types, sizes and multiple combinations of male and female models make this buckle unrivaled in its versatility. This is why the COBRA® can be found almost anywhere, where safety of people and material must be guaranteed. Plus, the high production integration of AUSTRIALPIN allows us to even make individual products that meet your needs!

Take the opportunity to meet us at the IWA trade fair so we can discuss your wishes and requirements. We are looking forward to meet you there!

The facets of a COBRA®

Here are some examples of our COBRA® models that can give you an idea, how many and which different uses they are made for.

COBRA® PRO STYLE

THE buckle for your safety in many different variations, colors and combinations.

ANSI D-RING COBRA® PRO STYLE

The COBRA® Pro Style with D-ring meets and exceeds all ANSI standards for fall protection. We guarantee Wir garantieren 18kN tensile strength.

COBRA® NAUTIC

Made of stainless steel and designed for ultimate safety performance in the most severe oxidizing environments.

SUPER COBRA®

The strongest buckle we have ever made! It holds up to 46 kN in loop configuration and is especially designed to secure heavy loads.

COBRA® FM

A small non-PPE buckle that is still very stable and reliable.

GT COBRA®

The robust GT COBRA® is made of 100% polymer. A lightweight COBRA® for infrared and noise reduction.

COBRA® SPECIAL DESIGN

We design and produce special designs that exactly fit your needs! For example the COBRA® vest plate. They are all compatible with the COBRA® THE ORIGINAL.

COBRA® ANCHOR OUL

This COBRA® was specifically designed to secure loads and can be opened under load!

Safe the date!
